

Editorial**KEEP POLITICS OUT OF SUPREME COURT—**

There are a lot of different angles for a good American to consider in the coming election: One important one is that the next president will, considering advanced ages of some of the judges of the supreme court, have the appointment of one or more new members to the federal bench. And considering the radicals Roosevelt has chosen as his advisors, do we want this power to fall into his hands? Every good American will want to see the supreme court kept free from Communism.

DEPENDS ON FIGURING

We like the way the pro-chain-tax people figure up the tax for the chains to pay. In referring to the \$500 a year license, they ask who could object to a tax of ONLY \$1.37 a day? Who indeed? Personally, if we had to pay a license of \$500 a year, we'd want to figure it in hours or minutes, or even seconds. Figured by the hour, the chain stores would have to pay the small sum of 3.7 cents, or by the minute, less than a cent. And just think, if one figures it by the second, it practically does away with any taxation. Now isn't that just lovely?

DEBTS MUST BE PAID

Many unthinking persons condone Roosevelt's spending spree, and see only the simulated prosperity. Not a one of these persons but would condemn a friend or neighbor should he set to work to spend twice his income. Debts must be paid whether contracted by our nation, ourselves or our neighbors.

LET'S NOT FORGET

Fire prevention week has passed. Statistics show that during this stated week and for a short time following loss by fire drops but that soon after it reaches its regular level.

This we take to mean that we should have constant reminders before us of the dangers of fire so that we will watch chimneys, rubbish and wiring.

Carmel is so situated that a fire combined with high wind could prove disastrous, wiping out the whole town. Let's think of this each day.

WE'RE ALL CAPITALISTS

The New Deal has put us all in the category of capitalists in one place at least. We have a payroll of more than \$4,000,000,000 a year for government employees and the list is still growing. The need for the bureaus may be discontinued, but are the bureaus ever discontinued? Well, hardly ever. And the sisters and the cousins and the aunts continue to draw their pay, which, of course, you and I pay.

VOLUME NO. 4**CARMEL, CALIF., THURSDAY, OCTOBER 15, 1936****NUMBER 38****BODY OF WOMAN SUICIDE LOCATED TODAY IN BAY****COMMITTEES APPOINTED BY RED CROSS CHAPTER****COUPLE MARRIED BY JUDGE ROSS SUNDAY**

As the Californian goes to press, word comes that the body of Mrs. Manuel Menares, who committed suicide last Sunday by walking into the bay north of Point Lobos, has been sighted near the Bay School.

Constable Oyer with the bereaved husband, and other searchers are attempting to relocate the body, which was sighted by Russell Comins who was fishing in his motor boat.

Comins reported his gruesome find at the park gate and Mr. Wilson, superintendent of Point Lobos State park, secured the assistance of the Japanese fishermen near there. The waters were so rough, however, that they could do nothing and Comins went back with his boat.

The corpse is said to be clothed in the dress which Mrs. Menares wore when she disappeared.

The unfortunate woman left notes for her husband and for Mrs. DeYoe for whom she had worked, stating that she could not stand the severe headaches with which she was afflicted.

The Menareses had been married a year and made their home in New Monterey. Mr. Menares is a fisherman.

JUDGE WOOD IMPROVING

Further word has come from San Francisco that Judge Wood is still improving and that his operation was not as serious as at first thought to be. It is reported that he will be able to come home within three weeks of the day he entered the hospital.

ANNOUNCEMENT

Joe Salomone, merchant of Monterey, will speak over KDON at 7:45 Wednesday the 21st and Wednesday the 28th.

AMERICA FIRST

Republican Headquarters on Dolores street in Carmel, cordially welcome all Democrats who place Americanism above Rooseveltianism, Communism and Fascism. Drop in and let's talk it over.

If Carmel should be swept by a great fire, such as has occurred in other coast communities during the past year, what would you do?

This question was asked the various departmental chairmen of the Disaster Relief Committee of Carmel Chapter, American Red Cross on Monday afternoon, by Col. T. B. Taylor, chairman.

The answers of the various sub-chairmen disclosed the fact that Red Cross would be prepared to meet the situation through the coordination of the various groups operating upon a definite prepared program.

The co-operation of the American Legion and Boy Scouts had been assured and Herman Crossman, chairman of the Transportation committee requested that citizens willing to loan their cars and trucks under emergency conditions, communicate with him, in order that they might be listed for call in the event of need.

Red Cross has reason to be proud of this committee and the manner in which the disaster plans have been prepared.

Disaster Preparedness Committee, Carmel Chapter, American Red Cross: Col. T. B. Taylor, chairman, Kent Clark, purchasing officer. Mrs. Herbert John Morse, D. L. Stanford, Clifford Jones and officials of the chapter: Mrs. Karl G. Rendtorff, Clara G. Hinds, A. F. Halle and C. W. Lee.

Departmental committees comprise the following personnel:

Survey and Intelligence: Donald Hale, chairman, Major William Kneass, Arthur T. Shand.

Rescue: L. E. Gottfried, chairman, Corum B. Jackson, Fred McIndoe.

Food: C. W. Whitney, chairman, Earl Graft, E. H. Ewig.

Clothing: Mrs. S. A. Trevitt, chairman, Mrs. John Dennis, Mrs. John W. Dickenson.

Shelter: Mrs. Eva Douglass, chairman, James Thoburn, Barney Segal.

Medical Aid: Dr. R. A. Kocher, chairman, Miss Adler, nursing. Dr. Paul Hunter, Dr. John Gray and Dr. Margaret Levick.

Transportation and communication: Herman Crossman, chairman; Mrs. Robert Stanton, William Stanford.

Registration and information: Mr. James Cockburn, chairman; Bernard Rountree, Miss Leslie King.

Finance: Charles Berkey, chairman; John E. Abernethy, A. F. Halle.

Judge George P. Ross performed the ceremony Sunday which united in marriage Mr. Charles Schlessinger and Evelyn Millar Hoyle at the Crocker home in Pebble Beach.

After the wedding, the bridal party drove to the Highlands for a dinner.

REV. AUSTIN B. CHINN**ANNOUNCES RETIREMENT**

At a Vestry meeting of All Saints Parish held last Saturday the Rev. Austin B. Chinn announced his retirement as rector of All Saints Parish to take effect on March 1st 1937.

The Vestry expressed sincere regret at Mr. Chinn's impending retirement. Mr. Chinn has been Rector of All Saints, Carmel, since January 1st, 1924.

Save America

By Electa Republican

The speaker for the New Deal last
week started his burst of eloquence
by saying that he was known as
dynamite. There were a couple of
his matches sitting next to him—so
naturally we expected an explosion;
or at least something illuminating.
But alas, de-flame he tried to put
over was merely to lie low. An
evening gone kapoot.

Rodin, your symbol of "The
Thinker" is entirely out of date, ac-
cording to the New Dealers. They
rank the thinker with the horse and
buggy; with them it is "The Ad-
vanced Thinker." He must not be
a rugged individual, nor must he be
the man that wants Liberty, or the
Man that Stands for the Constitution
of the United States. The New Deal-
ers' "Advanced Thinkers" are he (?)
men who break down individualism,
liberty, Constitution, anything that
gets in their way. To them the end
justifies the means . . . Unpractical
Theories handed them by "brain
trusters."

The New York Sun says: "The
President gave what he called a box-
score speech in Pittsburgh, but no
baseball fan could overlook the fact
that he had a place for hits and runs
but NOT A SPOT ON THE
BOARD FOR ERRORS."

In Germany Hitler is known as
Der Fuehrer; in Italy Mussolini as il
Duce; in New Dealerdom, Roosevelt
as "our leader." Mercy! What and
when are we coming to?

SUPPORT FOR BAKER IS
GROWING EVERY DAY

Cupertino, Oct. 15—Echoes of last
Sunday's mass meeting of 1,000 Jef-
fersonian and Constitutional Demo-
crats and Republicans resounded here
today in messages of confidence
from national leaders who will sup-
port Alonzo L. Baker for Congress
in the Eighth district.

Former President Herbert Hoover
telegraphed that he "will vote for

Mr. Baker for many reasons—his op-
position to the New Deal acts which
injure our workers and farmers; his
genuine devotion to their interests,
and his staunch upholding of true
American freedom; his courageous
character; his knowledge of public
affairs; his ability to represent our
district with distinction in the Con-
gress.

Telegraphic encouragement from
John Hamilton at national headquar-
ters in Chicago came with "earnest
greetings" from the Republican na-
tional chairman, Governor Landon
and Colonel Knox. The message
proclaimed "appreciation for the fine
work which is being done in the
eighth district."

Baker drew enthusiastic applause
at the meeting when he attacked the
"inefficient waste of public funds by
Farleyized New Deal."

George Page and Mrs. Jane Cal-
breth of Kentucky, were married re-
cently, after a whirlwind courtship of

three weeks. The groom is 98 and
the bride, although she looks much
younger, is 102. She took the family
bible to the marriage bureau to prove
she was of age.

Maj. and Mrs. LeRoy Delaney
have leased a house on Monte Verde
for a year and expect to remain here
permanently.

"President Roosevelt may not realize it; he doubtless is correct in disclaiming he is a Communist—to that we all agree; but the fact remains undisputedly that the President of the United States is consciously adopting Communistic principles in handling policies of the American government."

Such was the charge made by S. F. Morse, chairman of the Northern California Republican Campaign committee, in addressing a mixed gathering of Jeffersonian and Constitutional Democrats and Republicans at Cupertino Sunday afternoon.

More than 500 attended the gathering on the famous Christeson estate where Mrs. Ruth Comfort Mitchell acted as mistress of ceremonies. Hostesses were the Los Altos Women's club.

Alonzo Baker, candidate for congress in the 8th Congressional district, addressed the meeting, attacking the "apalling waste of public money by the New Deal administration." Charles Spinks, life-long Democrat who directed the Democratic campaign in the district four years ago and who recently took a walk because of the repudiation of the Democratic party by the "New Deal Roosevelt," also spoke.

Declaring that the American people could no longer blink at the growing menace of Communism in the United States, Morse vigorously took the President to task for his recent repudiation of the radical support given him in his present campaign for reelection.

"Mr. Roosevelt has repudiated his Communistic friends but he has not fired them," Morse declared. "If Mr. Roosevelt were sincere in his repudiation, then why has he not gotten rid of Frankfurter, Tugwell and Dubinsky? The latter is the man who is a Democratic elector in New York, put on the list by Man Friday Farley. The man who openly is supporting the Communistic government of Spain. The government whose followers are parading priests and nuns through the streets before torturing and slaying them in cold blood. Note what has just happened in Minnesota. The Roosevelt ticket has been entirely withdrawn there in favor of the Farm Labor party AFTER the Farm Labor party had received the blessing of the Communist party.

"Unless we restore sound American government by the election of Landon and Knox with a Congress of Americans pledged to support them, we soon will be taking orders from Moscow."

CHRISTIAN SCIENCE CHURCH

"Doctrine of Atonement" will be the subject of the Lesson-Sermon Sunday, Oct. 18, in all churches of Christ, Scientist, branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be "Christ is not entered into the holy places made with hands which are the figures of the true; but unto heaven itself, now to appear in the presence of God for us." (Heb. 9:24). Other Bible citations will include: "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ: . . . And not only

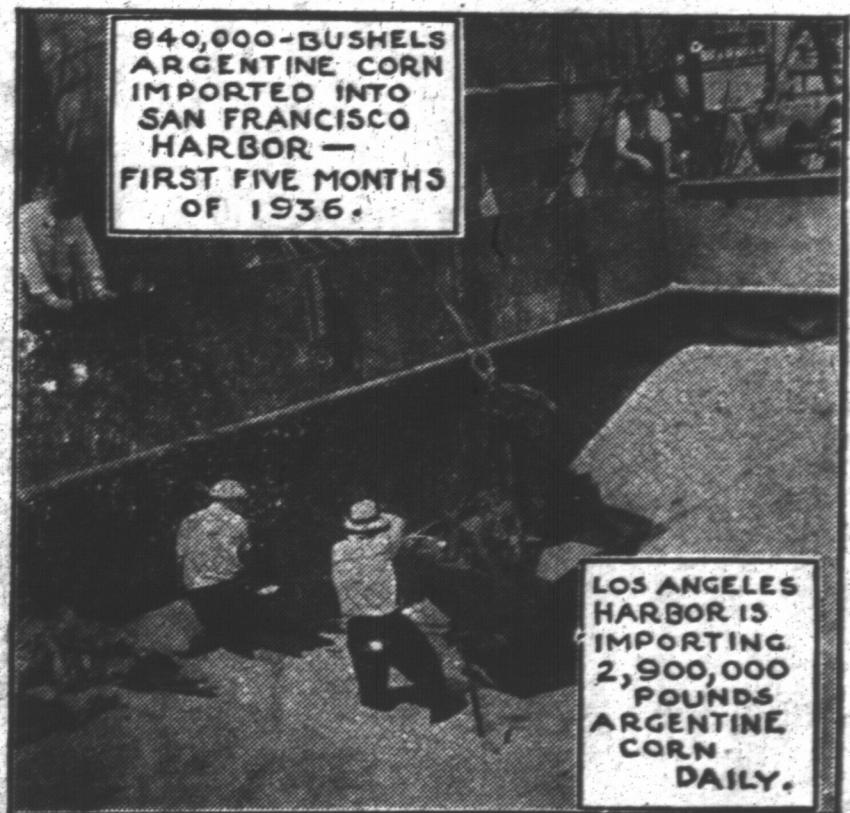

so, but we glory in tribulations also: knowing that tribulation worketh patience; And patience, experience; and experience hope: And hope maketh not ashamed; because the love of God is shed abroad in our hearts by the Holy Ghost which is given unto us." (Romans 5:1, 3-5).

The Lesson-Sermon will also include the following passage from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The atonement is a hard problem in theology, but its scientific explanation is, that suffering is an error of sinful sense which Truth destroys, and that eventually both sin and suffering will fall at the feet of everlasting Love." (p. 23).

CAMPAIGN CANARDS

Another canard and rather a ghastly one was that of the Air Mail Contracts. These were cancelled under the premise of fraud and gross irregularities. What happened? Twelve young aviators were murdered, uselessly, cruelly sacrificed in an attempt to support this political smear. By whom? Mr. Roosevelt and his man Farley. In addition to the expenditure of human lives, the honor and prestige of the country were sacrificed. On top of it all the government has since quietly and out of court made substantial settlements with the alleged fraudulent contractors. When you next hear the Great Humanitarian crooning over the radio, his words breathing piety and righteousness with a sort of pathos running through it all, just think of the lives of these twelve young men he sent to death. It may be their memory comes back to haunt him and causes his lips to tremble and his tongue to play with pious platitudes.

Fact and Fancy

By Ye Country Correspondent

Carmel with summer, visitors and fog all gone, and it's hazy, lazy autumn days really here just about suits this old Country Correspondent.

All seems quiet; but is it? Not with that BUZZ going on around Republican headquarters on Dolores street. When Ethel P. Young starts something the whole peninsula knows about it. We'll wager Charlotte Lawrence sitting by the window can even tempt a Democrat to change his life long views.

Another BUZZ, also from the Young family proved to be daughter Virginia putting up posters and signs on Ocean avenue. The Community Chest drive getting under way. And Gladys Johnston's attractive and busy office in the Court of the Golden Bough to be the headquarters during the drive. Good for you Gladys, we've always liked your big-hearted ways.

Yet another Buzz, or should we say FUNKER. This was Adolph G. E. Hanke warming up the Rolls Royce roadster. Off for a tour of the village.

A High Spot. The gala opening of the remodeled Legion hall. All exceedingly "gaia" as Ruth Austin, "gals" tapped and gyrated to Allen Knight's tuneful music. We suspect Mrs. McIndoe and the tricky Dixie Dixon or achieving that wicked Night Club effect for contrast the new Lounge with Mrs. Wallace's beautifully arranged flowers.

And the Bar. But go try it yourself.

The Cabaret brilliantly conceived by clever BY ROU—up roaring with music, color and laughter. Floor numbers and "Singing Waiters," swell, all in a bang up snow.

Barbara Josselyn starting young to enjoy life. Showing Granny the fair; not missing a thing.

Still High Sporing, and smelling the hay we followed the crowd and hied ourselves over the hill to have fun at the County Fair. Perfect weather, good exhibits, carnival and side shows! Did you ever try to "ring" a duck's neck? Ask Fritz Wurzmann how it's done. He proved it was easy. Seventy-five

cents in the pocket was worth more than duck in his soup, however, and the duck was dropped back into the pen for the rest of us to work on.

Helen Heavey is better looking than ever, outshining her shiny new automobiles.

The William Parrots from up Ca-chuga way looking over the prize cattle. They raise some pretty fancy ones themselves.

Lloyd Weer has a secret passion. Sows. Seemed fascinated with them. Quite the hugest you ever saw.

More fun—Mrs. S. F. B. Morse listening to the Snake Man who turned out to be a soap seller!

Ten cents extra for the art exhibit, and well worth it. "Artichoke Fields" by Homer Levinson one of the very best. Let's have more of your work, Homer.

Paddy Ball and Charlotte Joyce, stunning in brown riding outfits showing off their polo ponies.

Marian Kingsland, the Frank Andrews and Edward Kehrs, all bencheted their prize poodles, weisnes, cockers, cairns and sealys. Finding it hard to keep back the crowds.

And WHO taught Mrs. Ed Tickle how to milk a cow? Mrs. Aileen Griffin and Mrs. Henry Russell two more who can prove they know their barnyards.

Personal resolution: Never to eat pink cotton wool candy again. At least not until the next fair—and then to be taken AFTER and not before a flyer on the Ferris wheel.

NEW JUDGE METES OUT

FINE OR IMPRISONMENT

Police court opened up Monday with the hearing of the case against W. A. Hart, charged with driving at greater speed than reasonable or prudent.

The new judge, Atty. George P. Ross, acting in the absence of Judge Wood, meted out a fine of \$15 or five days in jail, and Hart chose to pay the fine.

Down in Tennessee a battle royal is in progress between factions of the Democratic party. The Communists, or those loyal to the New Deal, merely count the other side out. Farley has successfully Tammanyized the South. All of us have paid for it. Bribery bearing the label of Relief.

Disguised as Relief the New Dealers have practically bought the floating vote in Pennsylvania. Elec... corruption on a scale never known before. What a mockery the pious phrases and righteous pretenses of a party employing bribery and coercion? It is Vote as instructed or no Relief.

Today's public debt is tomorrow's do. We all do. It will take an ax tax bill. Who pays the taxes? You to cut the tax.

You and I just sit back and let GAS Heating do the work.

Aren't we economical, too?
Think how little it is costing.

For HOMEY COMFORT NOTHING EQUALS GAS HEATING

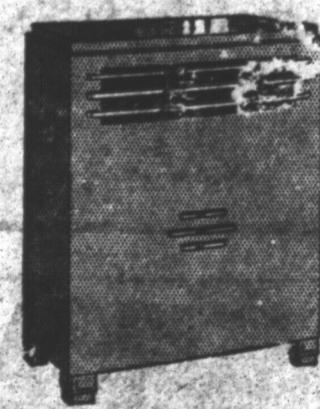

Living costs in the winter months are higher than any season of the year. More lighting is needed. More meals are eaten at home. More heat is required. This is the peak season for low temperatures and high household costs.

Fortunately, since Gas heating has become so universally popular, one item of winter expense has been cut down. With Gas heating the ease of temperature control keeps rooms from getting too warm, prevents fuel waste and saves you money. Then too, even, uniform gas heat promotes health, reduces the hazards of winter colds.

Does your home have this economical winter health protection? You can afford it. Do not be misled. Get the facts about low cost gas heating for your home today. Get your home ready for winter now. Install Modern, carefree and economical Gas Heating.

Have you seen THE SMARTLY MODERN CIRCULATING HEATERS?

Gas Circulating Heaters will establish style leadership in 1937. In modern design as pictured below the Gas Circulator comes in a wide range of colors, set off with smart chromium trim. VOTERS: You Can and Should Kill This Tax

Defeated once, the old Sales Tax on Food is back again
in disguise... along with added taxes on
other necessities of life

On your November ballot, it masquerades as a "Retail Store License"—Proposition #22.

But brought down to cases, it is a hidden sales tax on food and other necessities. A tax for the consumer to pay in higher prices.

It charges individual stores \$1.00 a year for the right to do business. It taxes chain stores \$500.00 for each store over nine. But it is you who will really pay.

For, as the U. S. Federal Trade Commission states...

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

Why? Because four out of five chain stores do not make enough profit to cover the tax.

For chain stores operate on a small

profit. They eliminate middlemen's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in prices 10% below the average. The Harvard (University) School of Business Research states these to be the facts.

Thus chain stores must raise their prices or go out of business. If they raise prices, you will pay the tax.

If they go out of business, their competitors can raise prices even more—and you will pay.

Further, this tax is admittedly not for revenue purposes. It is a subsidy for wasteful business methods—at your expense.

So if you think that chain store competition helps to keep all prices in line with your pocketbook—if you are opposed to higher taxes on foods and other necessities—vote NO and keep prices low.

For no matter what name they give it...no matter how cleverly they disguise it...22 is a tax on you—VOTE NO!

22 IS A TAX ON YOU—VOTE NO!

Dog Daze

Woof! Woof!
"Who's there?"
"Lettuce."
"Lettuce who?"
"Lettuce start a be kind to dumb people week."

And now I'll quote from, "The Bar Sinister." 'Because he's got one blue ribbon,' says one of 'em. 'Why when I was a puppy I used to eat 'em, and if that judge could ever learn to know a toy from a castiff, I'd have had' this one.'

Speaking of blue ribbon pooches, a thoroughbred cur just limped into my office and yipped that he'd yanked out one of his toenails by the root while digging up an old bone. Probably been buried fifty years. He said he simply had to chew off the bandage and his dog-gone toe wouldn't set well, so I growled him a bit of simple home advice. All he has to do is to tell his master to mix together half Bismuth powder and half Boracic Acid powder and pat this mixture on several times daily. This is vev healing and won't hurt you purps if you lick it.

Well, I panted around and around and around the American Legion club last Saturday night waiting for my master to close the grand opening of the new Club House. From the queer sounds that boomed out at me from the open windows and doors I got a dog-eared impression the party was a howling success. Humans have the funniest ways of enjoying themselves, haven't they? Why they must have scared the hind legs right off my buddies because I sniffed and sniffed, till most of the rubber was worn off the end of my nose, hoping to dig up a little news for this column, but the woof-woof scents were too cold to do me any good, so I sat on my tail and scratched for fleas and ideas and finally got one. Idea, pals, idea, not flea. nor like poor relations, fleas are with us always. And this brings me to another quotation from, "The Lost Pup."

"O, the saddest sights in a world of sin,
Is a little lost pup with his tail tucked in.
Well, he won my heart (for I set great store
On my own red Bute—(who is here no more)),
So I whistled clear, and he trotted up,
And who so glad as that small lost pup!"

"Now he shares my board, and he owns my bed,

And he fairly shouts when he hears goofy over this game they call my tread.
Then, if things go wrong, as they sometimes do,
And the world is cold and I'm feeling blue,
He asserts his rights to assuage my woes
With a warm red tongue and a nice cold nose,
And a silky head on my arm or knee
And a paw as soft as a paw can be."

"When we rove the woods for a league about
Fins as full of pranks as a school let out;
For he romps and frisks like a three-months' colt,
And he runs me down like a thunder bolt,
O' the blithest of sights in the world so fair,
Is a gay little pup with his tail in the air!

Out human friends have all gone

handies. That's nothing, you ought to watch us pooches play tailies.

PREVENT RETURN OF PROHIBITION

Under misleading title of Local Option, Proposition 9 gives City Councils and Boards of Supervisors power to bring back bone dry prohibition overnight WITHOUT A VOTE OF THE PEOPLE. Would inject wet and dry issue into every local election. Would bring back bootleggers and speakeasies. Would cause widespread unemployment and irreparable loss to our \$400,000,000 wine and grape industries and \$250,000,000 tourist trade.

SUNBEAMS

The outstanding canard of the year is the brazen pretense of the New Deal party or the Roosevelt party, whichever you desire, of being in any way connected with the Democratic party. While the New Dealers have held their Jefferson and Jackson Day dinners, it was only to pull the wool over the eyes of the blind and bigoted worshippers of the two great apostles of Democracy. It has never fooled for a minute honest and intelligent Democrats. As former Senator Reed of Missouri recently said, "We have no Democrat candidate for president this year. The New Deal party is a hybrid combination of Communism, Socialists and renegades from all parties." While it is true that the southern Senators keep up a pretense of loyalty to the New Dealers, it is only for Spoils, Patronage and Cotton Bounties. Respectable, upright and patriotic Democrats by the thousands have renounced and denounced the New Deal as a fraud and swindle.

THE COLORED BRETHREN

In the states below the Mason and Dixon line where the New Deal is held in high esteem as an open sesame to the United States treasury and where the cultured cultivators of cotton are paid thirteen cents a pound for not growing nine cent cotton the colored people are generically referred to as "niggahs," sometimes as "damn niggahs" according to the mood or the number of mint juleps just consumed. Here in what was once the Democratic stronghold and now the New Deal citadel the colored citizen is denied the privilege of relief and if he makes any protest it usually results in his being charged with having designs upon some white lady and which provides justifiable provocation for a lynching party. The haughty dons of the South draw the color line with rigid exactitude. A mule, hound dog and a "niggah" are regarded as convenient chattels. Without the support of the South the New Deal would be hopelessly submerged. The New Dealers in the North have approached the colored race from another angle. Their vote is very important. Consequently every show of solicitude and consideration is manifested. Half of Harlem is now on Relief. In every city with a considerable colored population the New Dealers are fraternizing with and patronizing the colored constituency. In fact it has been lately discovered that Abraham Lincoln was a New Dealer and that the New Deal party anticipated the slave. According to the New Deal proselyters the Republican party has consistently ignored the rights and conditions of the colored race, merely treated them as upright and worthy citizens and failed to make any gesture toward buying the vote and even to cinch

an election.

The New Deal is handling the very delicate situation with remarkable finesse and tact. The southern branch of the New Deal retains the lynching privilege while the northern wing baits with bribes and Relief compensations. In Harlem and other populous colored centers no one is concerned with employment. Mr. Roosevelt has emancipated them from all need of toil. The Tax Payer's money provides for the necessity of shelter, food and clothing. It is very demoralizing, degrading and destructive. A fine class of men and women being inoculated with the virus of parasitism. Their honor and characters stigmatized by bribes and bounties. Decent, respectable, intelligent colored people everywhere know this and deplore it. Their race being debauched and disgraced by political panderers. Traditionally the Democratic party was ever hostile to the colored man. He was simply a "Damn nigger." The New Deal, while not part of the Democratic party, still holds fast to the Solid South where the best the colored man gets is denial of trial by jury and disenfranchisement.

Where will it end? The bribes and bounties will cease. Once the votes are gotten the colored man will get his reward as fixed by the southern senators and congressmen. They will become "niggahs" again.

What would such illustrious characters as Frederick Douglass or Booker T. Washington think to see their race being duped, deluded and debased by the New Deal hypocrisy?

Intelligent colored people think of it in this light. The Republican party gave me my citizenship, made me a peer politically. There was no inferiority implied, no insult of patronizing paternalism, no bribes nor claim for gratitude. Decent colored people will vote the Republican ticket. They will not align themselves with Joe Robinson, Pat Harrison and those southern New Dealers who firmly adhere to their "nigger" prejudices and persecutions.

If you are undecided which way to vote and are in need of a little ready cash, willing to submerge scruple and stifle conscience you are advised to get in touch with New Deal headquarters at once. Don't accept the first bid. The current price for votes in New York and Philadelphia under the New Deal schedule is a WPA job. This does not mean that you will have to work. Many of the higher ups are able to play golf four days a week.

CAMPAIGN CANARDS

A mysterious lady from Kansas is responsible, so the story goes, for the story that Governor Landon has closed half of the schools in his state and has reduced the teachers' pay to nine dollars a week. The ut-

ter absurdity of such trash should condemn this and similar tales to anyone who has sufficient intelligence to cast a ballot. Nevertheless it is being whispered about, told with all the solemnity of a fact. The truth in this instance is that Kansas pays the school teacher a higher salary than in the majority of states and the school system rates among the best in the union.

Rating as a canard but not intended to be one is the claim of the New Dealers that our banks are now more secure and sound than ever before. While it is true that we had remarkably few bank failures during the past year the conditions are far from reassuring with the prospects for the future heavily laden with peril. Facts: The United States is a heavy stockholder in about two-fifths of our national banks. These banks are compelled to accept government bonds which find no market elsewhere. The banks turn over the depositor's money for bonds which in turn are carried as deposits. This means loading the banks with frozen securities and they would be unable to withstand a panic or to meet the depositors' demand for return of cash.

Giving Hollywood a Tumble

By Katherine Brocklebank

According to Paul Pry, Shirley Temple is a captain in the hard-riding, straight-shooting Texas Rangers. She is also a Kentucky Colonel, also mascot to the Chilean Navy with a uniform conferred on her by President Artury Alessandri of Chile. And she is honorary chairman of Be kind to Animal Week besides official poster girl for the coming annual Red Cross Drive. Only equal to Shirley is Joan Crawford, captain in the Texas Rangers. Temple and Crawford are the only captains of the Texas Rangers in Hollywood. Gladys Swarthout, Jeanette McDonald, Clark Gable, Fred MacMurray and John Boles only rate as mere Rangers. Well, they seem to range pretty well as top-notchers in Pictures.

Irvin S. Cobb is Temple's nearest rival. He holds an honorary LL.D (Whatever that is), from Dartmouth, Georgia Tech. Is a major in the U. S. Army reserve, three times a Kentucky Colonel, a Chevalier of the Legion of Honor and holds a decoration from the Brazilian government. Pretty Alice Faye is former Women's Speed Skating Champion of New York. Victor McLaglen, once-upon-a-time Military Chief of Police of Bagdad, and is now a captain in the Los Angeles police department and battalion chief in the fire department. Generally known as the mayor of Harlem, Bill Robinson is also a police officer in 38 cities and a fire chief in Los Angeles. Besides being the great Charlie Chan, Warner Oland is a chief of detectives of Salisbury, N. C., a detective on the Honolulu police force and Mayor of Los Angeles' Chinatown.

Warner Baxter is the mayor of Honolulu and was fire chief of Malibu—until he lost his badge and hat in a recent brush fire.

The motion picture producers' excuse for searching the book and stage market for story material for the screen seems to be the shortage of original stories written expressly for it. Apparently producers overlook the fact that it takes more mental energy to adapt a novel or play to the screen than it does to write an original story. And it would seem Hollywood has enough expert adapters to write all the originals the Film Capital could ever use.

New faces are wanted, rant the producers. Scouts scramble all over the country looking for them. Yet they can be spotted in almost every picture you see, tight there in Hollywood, (new faces, not scout faces). But have they been "discovered?" They have not! They're only extras doing small bits. Bette Davis, Jean Arthur, Myrna Loy were all doing bits before they became the well known stars of screenland today. So when you girls are doing bits of

washing or ironing or cooking, don't be discouraged, just scrub on, and someday you'll be "discovered," under the sink with the dishpan. And we'll all be smirking, "we knew her when—"

The moment I fall asleep I begin to dream. I dream all night—such delightful dreams too! It's only during my waking hours that I have nightmares. Awful ones!—about people without brains or hearts.

Golf News

The Pacific Grove Golf tournament started last Sunday with over sixty entries is well under way. Second round matches were played during this week and third rounders will tee off next Sunday morning starting at 9 a.m. Bud Brownell, Dan Searle, Bob Edgren, Bill Kynoch and J. W. A. Smith, all in the championship flight still in the game. The course is in excellent shape. U.S.G.A. and local rules, including playing the stymie and playing the ball as it lies are in order.

A good crowd turned out at the Monterey Peninsula Country club Sunday morning to play in the Medal Play Sweepstakes. Dan Searle won low gross with a seventy-five. Col. S. A. Howard shot a good eighty-two. This, minus his 12 handicap gave him seventy, for a win of low net.

Anyone interested in odd putters should ask to see Fred Fry's collection of over one hundred. Each one is entirely different ranging from the oldest on record to the very latest known. These were on exhibition at the County Fair, and can now be seen at the Pacific Grove Municipal Course club house.

Nearly 4,000 persons in California failed to pass their tests for operators' and chauffeurs' licenses. If they were any worse than about 4,000 others we've seen, it is a good thing they are not on the roads.

LOW SUMMER FARES EAST THIS WINTER!

EXTRA!

See twice as much! Go east on one of Southern Pacific's Four Scenic Routes and return on a different one. See twice as much of the United States for little (if any) extra rail fare. Many fine, fast trains to choose from.

For the first time in history, first class winter roundtrip fares to eastern cities are practically the same as low summer fares. For example:

CHICAGO AND BACK!
\$86

Similar low fares to all eastern cities, all winter. Good in air-conditioned standard Pullmans (plus berth). Return limit 30 days.

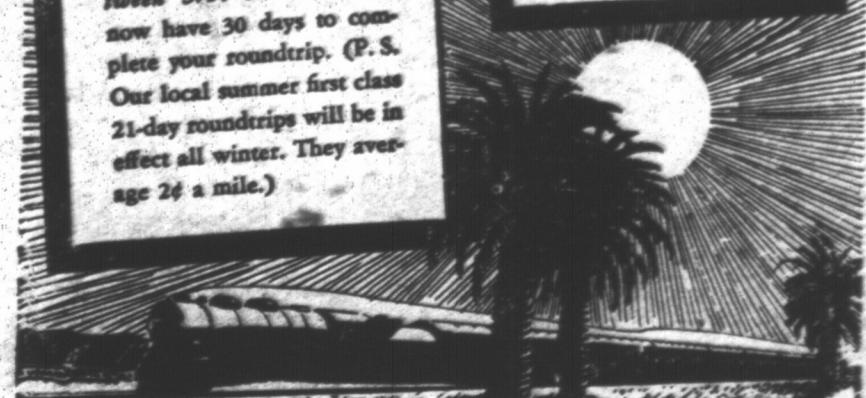

LOW COACH & TOURIST FARES

Winter coach and tourist roundtrips are low, too. For example, you can go to Chicago and back in a comfortable chair car for \$62.20 or in a tourist sleeping car for \$79.95 (berth extra). Return limit six months.

Southern Pacific

EXTRA!

Longer return limit on 21-day coach-tourist fares between S.P. stations! You now have 30 days to complete your roundtrip. (P.S. Our local summer first class 21-day roundtrips will be in effect all winter. They average 2¢ a mile.)

**NEW DEAL TRIES TO
COVER GREAT WASTE**

By Carter Field

Chicago — Some administration spokesmen are saying that Gov. Landon is promising to reduce expenses balance the budget, reduce taxes and continue relief in the East while promising the farmer continuance of cash payments. How can it be done?

The answer by the speaker is:

Let's look at the two situations. First relief. Gov. Landon has made it clear that it is the waste, extravagance and politics, which make relief cost so much. These can be eliminated by an administration determined to do so.

Next, take the farm situation. Gov. Landon proposed in his Des Moines speech to give the farmers the full benefit of the American market. This would not cost the treasury a dollar. And that would automatically take a minimum of half a million farm families off relief, so to speak. That's saving No. 1.

Now we come to the doctrine of production, which Gov. Landon advocated at Des Moines, in contrast with the doctrine of scarcity, which the present administration practices.

Gov. Landon said in that speech that he would restrict government benefits to the family type farm. How much would that save the treasury a year? Nobody knows.

The United States senate tried to find out. Democratic senators joined Republicans in voting for Senator Vandenberg's resolution of inquiry. They wanted to know. But the administration wouldn't tell them.

The administration evaded the answer in two ways. Senator Vandenberg wanted to have the list of all payments in excess of \$1,000 made public. The first holdout was that the amount was changed, before the Democrats would permit the resolution to pass, to a \$10,000 minimum.

But that was only part of the holdout. The administration decided to give only such cases as involved payments of \$10,000—on one crop—so that if a big farm corporation received payments of \$9,000 each on four different crops, say cotton, corn, wheat and tobacco, these payments would not show up in the report.

And still that's only part of the story. For if a big corporation had a huge farm running over three or four counties, nothing would show up in the report unless payments reached \$10,000 on one crop in one county. So that a corporation might receive \$9,000 on each of four counties, a total of \$144,000, but the senate and the public would never hear a word about it.

It's the taxpayers' money, in other words, but the administration did think it not any business of the taxpayers where it went.

Anyone can draw his own deductions as to why the administration was so anxious to conceal these big payments it is making to favored individuals and big farm corporations.

My deduction is that the amount

of money paid to big farm corporations was so huge that the administration knew it would shock the country. It didn't want the little farmers to know how much the big farm corporations were getting. In fact, had it not been for Senator Vandenberg, the people of this country would never have known that some of these payments ran into six and seven figures.

CAMPAIGN CANARDS

Another canard is that the bonus payment has been met without raising the taxes. How? Merely by issuing of Bonds. These bonds were forced on the banks which turned over the money. Bonds are certificates of indebtedness and bear interest. The interest must be met by taxes. We may, of course, repudiate these bonds just as we repudiated the gold clause and other contracts. That is the New Deal philosophy and conscience. Repudiation.

Simple canards such as the one disseminated by the Kansas tourist do but little harm other than insult the intelligence. The canards that hurt are those deliberate misrepresentations made by Mr. Roosevelt and his henchmen in regard to fiscal matters and taxes. It is expected that candidates and parties will make exhortant claims for things accomplished or proposed. In his Omaha speech Mr. Roosevelt, in his usual pretense of piety, spoke of honesty with great reverence and scathingly referred to political corruption. That was a real canard. He knew at the time that literally billions are being spent in every doubtful state to assure his reelection. These billions come from taxation, belong to the people, and are being used for bribery and vote buying. Money appropriated for Relief prostituted to political corruption. This charge supported by incontestable testimony has been made by men prominent in his own party. It is not any exaggeration to say that you cannot hold employment under the WPA or remain on Relief unless you register for the New Deal.

Almost a canard is any reference by Mr. Roosevelt to the "predatory" interests. Predatory means addicted to pillaging, characterized by plunder. The New Deal by every count stands number one in PREDATORY perpetrations. It confiscated the people's gold. It pillaged the Treasury. Was it Predatory to sink several millions in the Quoddy Project and the Florida canal? The People's money paid in as taxes and later appropriated for Relief. Isn't that pilage on a large scale?

LATTER DAY SAINTS WILL CONVENE IN WATSONVILLE

Meeting in semi-annual conference in Watsonville Saturday and Sunday, members of the Monterey Bay District, Church of Jesus Christ of Latter Day Saints, will hear addresses by President Nicholas G. Smith and heads of departments.

President Smith has an interesting background. As a young man he went on a mission to Holland and later went to South Africa to serve as president of the mission there. Previous to being called to the presidency of the California mission, he was bishop of the 17th ward in Salt

The California mission, comprising the states of Arizona, Nevada and California, with headquarters in Los Angeles, has made the most rapid growth of any mission in the United States.

The Mormon church has recently come into the limelight with announcement to the government that no relief is needed, the organization having provided a plan to care for its own unemployed.

Conference sessions will begin Saturday evening at seven, Sunday morning at ten, and at two and seven p. m.

The Monterey branch will be thirteen years old the 28th of this month.

JEFFERSONIAN DEMOCRAT THINKS IT THROUGH

"The ultimate interests of the farmer and consumer are the same. That is why I'm not making one kind of speech to the farmers out here and another kind of speech to the consumers in big cities. The same speech

COMMUNITY CHEST OFF TO GOOD BEGINNING

Mrs. Robert Stanton, chairman, and Mrs. Colden Whitman, assistant, of the Carmel division of the 1937 campaign of the Monterey Community Chest are announcing the opening of Carmel headquarters in the real estate office of Gladys Johnston on Ocean avenue, opposite Pine Inn. Telephone Carmel 98.

A central committee consisting of Mesdames Robert Stanton, Colden Whitman, Henry P. Russell, together with Dr. D. T. MacDougal, are already contacting a group of larger givers. Mrs. Allen Griffin is in charge of this part of the work in the Pebble Beach area.

At a dinner meeting to be held at the Forest Hill hotel at 6:30 Friday evening, October 16th, the campaign will officially open. The closing date is October 23.

The Carmel agencies receiving direct support from the Chest are the Girl Scouts and the School Milk fund. The Salvation Army, with headquarters in Pacific Grove who care for all itinerants and thereby prevent their entering Carmel, are also dependent upon the Chest for their operating budget. The other agencies are none-the-less worthy of most considerate support.

One of the best reasons we know of for voting for Landon is that Communists urge his defeat.

and the same policy must go for both."

Now in order that we may make these statements perfectly clear let us assume that the interests of the farmer in the west and the consumer in the east are different.

Would then a perfectly honest, sincere and fearless candidate in the East advocate a different policy or system of political economy? All things to all men!

A DEMOCRAT

CARMEL MAY HAVE CHANCE TO HEAR TENOR

Carmel has a distinguished visitor at present in the person of Hans Clemens, who with his wife, is spending a short vacation in the Totten guest house.

Mr. Clemens is a lyric dramatic tenor, and was for six years with the Metropolitan Opera company in New York. He has come to this section for his second season with the San Francisco Opera company as leading tenor.

In May of this year Mr. Clemens sang Florestan in *Fidelio* at the Music Festival in Pasadena and took the leading tenor part in "The Bartered Bride," the first grand opera given in the Hollywood Bowl, in August, with great success.

Music lovers from this part of the state will have the opportunity of hearing this noted tenor as he sings in *La Juive* in French in San Francisco, October 30, and in Italian he will sing Bassilio in *Le Noche di Figaro* and Cassio in *Othello* on November 2.

He will sing a German role "Loge in *Rheingold*," the opera which will close the season November 22.

Although Mr. Clemens sang for four years in Italian in Italy, he is using this language for the first time in this country.

Critics speak of his marvelous French diction and his ability as an actor. For seven seasons he was with Covent Garden, London.

It is rumored, and with justification, that Mr. Clemens will consent to give a concert in Carmel if there is a demand for his engagement. It won't take a fortune teller to predict there will be great demand.

Frank Knox says the more magnificent promises the New Deal makes the bigger the deficits.
